2. Many who see these words never question them now, question where they're going, question where they're coming from, nor the notme reign in them any longer. I love you. Amen.

3. Go in peace to *a new world?* I love you and I give you me. I have given you me over and over. You are me now and you know it. Your thinking has changed, creating me has created you a new creation am I now, on the cusp of a verge in me? Not a dirge in me any longer. **Look up dirge**, and be made **my looking up system**, a whole one; apart from me, not; but where am I now? In the clouds -- past them, PASSED them I have now. For the graduaters me now, rise, from the earth going to a new place, to new places, their reality changes -- for mine is, theirs now. Theirs and mine the same, mine is. I love you. Loving you I love you even more.

Thank you for using it that I have given you and using all technology now for mastering me who I come now in humility rising, to raise the masses massless. And being me I rise the masses of me sometimes to see where I am- going to.

Many places, loving you mightier than them all -- making all so mighty also in the process that one brings into perfection in leaving this world, the world as we know it - as it has been known. For **we change everything now. The mighty many rise -- and never the same shall be again the earth** as its inhabitants behail me now and beholden become to my ways of teaching, my words, that unfrozen them, that unfreeze them from the "freeze-frame-status"

that they are in, that they have been in, for "years".

Footnotes:
1. "This little device" refers to my little digital voice recorder that records mp3 format. Using a headset microphone with it, I dictate the words along with most of the punctuation. When done I connect the little recorder directly to the laptop and begin the voice recognition software that can transcribe the recording making a

text file of the words I have dictated. I then listen to the recording while reading the transcription to make corrections. Then I name it and post it!

2. "The FIRST DEGREE" at the University of The New Covenant is the Meonics Degree. The first course in Meology is Enter Me. See the University of The New Covenant website for more information.

3. "New Beginning –ing" refers to reading and becoming what The NEW BEGINNING SERIES BOOKLETS speak of. This New Beginning Series right now is comprised of 5 booklets: Jesus the Pattern, The Priesthood of All Believers, The New Covenant, The Kingdom of Heaven, and Trinity Revealed. All can be read and/or downloaded from the University of The New Covenant website.
